

Teacher Recommendation for Student Election Worker

Thank you for your application to work in the elections. In order to work, you must be at least 17 years old before Election Day. In the past, the polls have been open from 7:00 a.m. until 7:00 p.m. You will need to report to work no later than 6:00 a.m. Expect to be at the polls until at least 7:30 p.m. If you are chosen to work, you will be expected to be present for the entire day. We ask that you turn off your cell phone during the day and use it only for emergencies.

There will be a mandatory training class about two hours long before the election. You will be paid \$15 for the class and \$125.00 for Election Day. If you are chosen to work, we will notify you by mail and/or email concerning the time of your class and at which precinct you will be working.

Please have two teachers sign as references. Please print legibly.
