Name or Address Change within Smith County

Are you a registered voter in Smith County and need to update your name or address from one address located in Smith County to another address in Smith County? You will need to submit a request at least 5 days before any upcoming election. If early voting has begun, an address or name change can be done when you come to vote at an early voting location.

If a registered voter waits until Election Day to update their information, the voter must complete an affidavit before being allowed to vote. The voter will be required to vote at the correct polling location based on their new address.

****NOTE:** These rules apply even if you have been registered and voted in another county in Tennessee.

Did you move to a different county?

If you move to a different county, it is not considered an address change. Your registration does not transfer to other counties in Tennessee. A voter must register in their new county by submitting a voter registration application at least 30 days before an election. The voter may register online, in person at the Election Office, or mail the application to the election office in their county. You may register online or complete and print an application to mail by clicking the link at the bottom of the page. If the voter submits the application **by-mail**, the voter **must vote in person** at the first election.

Remember registrations do not transfer from county to county and if the above requirements are not met the voter will not be allowed to vote in that election.
